REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

In view of the applicant's amendment, mailed on 4/23/2004, the prior art of record is overcome.

In the newly presented claim in addition to the fibrous filler and whisker, the metal plated article comprises a blend of polymers. The polymers are selected from (1) polyamide (2) styrene containing resin such as HIPS, ABS SAN, SBR, SBAN and (3) styrene copolymer containing carboxy groups. None of the prior art disclosures contained such polymer blend.

The updated search did not provide prior art that would suggest or teach using more than two of the polymers required by the present claims. In view of the above pending claims are passed to issue.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
